E Result The score becomes the next row of history.

PRACTICE EXAM RESULT, CELL BIOLOGY

You scored 86.

Up from 71 on July 27. Finished in 24 minutes of the 30 allowed.

86

17 of 20 correct

BY TOPIC

Membrane transport	6 of 6
Cell signaling	5 of 6
Bioenergetics	4 of 5
Cell cycle	2 of 3

Review your 3 misses

What you missed

QUESTION 4 Cell cycle

At which checkpoint does the cell verify that all kinetochores are attached to spindle microtubules?

You answered **G2 to M checkpoint** Correct answer **Spindle assembly checkpoint**

QUESTION 11 Cell signaling

A ligand binds a receptor tyrosine kinase but no dimerization occurs. Which downstream step fails?

You answered **Ras GTP hydrolysis** Correct answer **Trans autophosphorylation of the cytoplasmic tails**

QUESTION 16 Bioenergetics

Which carrier delivers electrons directly to complex III rather than complex I?

You answered **NADH** Correct answer **FADH2 via ubiquinone**
